ARC Risk Management Group plc ("ARC" or "the Company") is pleased to announce that its Director of Training, Mr. David Cresswell, will be speaking as part of the forthcoming *Intersec Security Exhibition 2003* – the definitive showcase for those who take security, law enforcement & counter-terrorism seriously - to be held at Wembley Exhibition Centre on 18-20 February.

Intersec, the Journal of International Security now in its 12th year of publication, is holding this long-overdue event. It will cover all areas of high level security, but especially matters relating to the subject of counter-terrorism. The exhibition is intended purely for professionals who are serious about security, and for those responsible for keeping abreast of the latest developments and evolving threats in our rapidly changing environment.

In keeping with ARC's dedication to advising and protecting high net-worth and corporate individuals travelling to high-risk areas from kidnapping, extortion and fraud through its "red24" service, Mr. Cresswell will be giving a lecture on the first day of the exhibition, entitled, '*The Corporate Response to Terrorism*'.
